CTC

TO THE TRADE.

WE TAKE pleasure in presenting our Illustrated Price List for season of 1890-91. In the preparation of this List we have endeavoured to arrange a Catalogue of our large assortment of Stoves and Ranges, with lists and descriptions of the special features of each, in such form as to render valuable assistance and general information to those who desire to select from its pages. To our former line of goods we have added numbers of new and desirable patterns with many improvements to the old, making a more varied and general assortment than ever before.

We shall continue to manufacture our Stoves from the best qualities of iron, and shall spare no expense in mounting and finishing them as perfectly as those of any house in the country.

We desire to thank you for the generous support of the past and trusting that we may enjoy an increase of the Trade patronage at large, we remain,

Respectfully yours,

THE CHOWN & CUNNINGHAM CO'Y.,
OF KINGSTON (LIMITED).

Kingston, July, 1890.

—TERMS.—

FOUR months, dating from end of month in which goods are shipped.
All accounts to be settled by note or cash.

GOODS shipped during the months of July, August and September
date as September 30th, four months.

FREIGHT will be allowed to Customer's nearest Railway Station or
Steamboat landing, on Stoves and Hollow-ware, but not on re-
pairs when shipped alone unless in lots of 200 lbs. and over.

CASH discount within thirty days from first of month following
shipment, six per cent.; within sixty days, four per cent.; within
ninety days, two per cent. The amount of freight must in all cases be
deducted before Cash discount is calculated. Interest at the rate of eight
per cent. will be charged on all renewals and overdue accounts.

ALL goods are shipped at "owner's risk" to obtain lower freight
rates.

REPAIRS, for breakages in transit, will be supplied free if we are
notified within ten days after goods are received.

NO goods are invoiced until shipped.

WE ship no goods on commission or to be paid for when sold.

DON'T FORGET that all orders received for Cook Stoves and
Ranges will be shipped with full sets of Hollow-ware unless
otherwise ordered.

DISCOUNT SHEET.

otherwise ordered.

Whig Print, Kingston.

—Telegraphic Stove Code.—

For the convenience of our Customers who may wish to telegraph their orders for goods, we have incorporated in this catalogue a Telegraph Code, the use of which will materially reduce the cost of telegrams, and at the same time prevent confusion and mistakes. Supposing you wanted to order a few stoves you would use the Code as follows :

Ship three "Adapt" with water, one "Adrift," one "Advance," one "Bed."

These eleven words, when translated to our Order Clerk, would show that you wanted us to ship three 9-20 Standard Favorite with Low Closet, Folding End Shelf and Tea Shelf, and Water Fronts. One 8-18 Standard Favorite with Low Closet, Reservoir and Tea Shelf. One 8-18 Victor Favorite with Reservoir and Closet.—38 words.

King's Patent Vertical Action Grate.

The Fireplace is the Principal Feature in the Success
of a Coal Stove.

This Grate has given general satisfaction, and received the commendation of those who have used, and dealers who have sold, our Stoves with it in.

We have not had a single complaint since we put out the first Range with it in.

It excels other grates in that it is equally as good in the summer or winter season. It can be dumped and fireplace cleaned out in 10 seconds, or a continuous fire kept running all season with it.

It is durable and has no cog-wheels or other parts to get out of order. Most grates are defective in one of these points.

The Standard Favorite.

THIS HANDSOME RANGE possesses all the Excellent Baking Qualities of our well-known "Sure Luck" and "Standard" Ranges, with the addition of the following useful improvements:

OVAL FIREPOT.—This is better than the round because it brings the fire directly under the kettles.

OUR PATENT VERTICAL ACTION "KING" GRATE.—Designed, perfected and tested in our works, is easily operated, removes all clinkers and ashes, and is the only satisfactory grate made for Range or Cook.

VENTILATED OVEN.—Fresh warm air is introduced during Baking or Roasting, and all offensive odors are carried off.

DRAW-OUT OVEN SHELF will be found a great convenience in Roasting and Baking.

RINGED COVER.—A neat contrivance made to fit all sized Kettles from 3 to 9 inches.

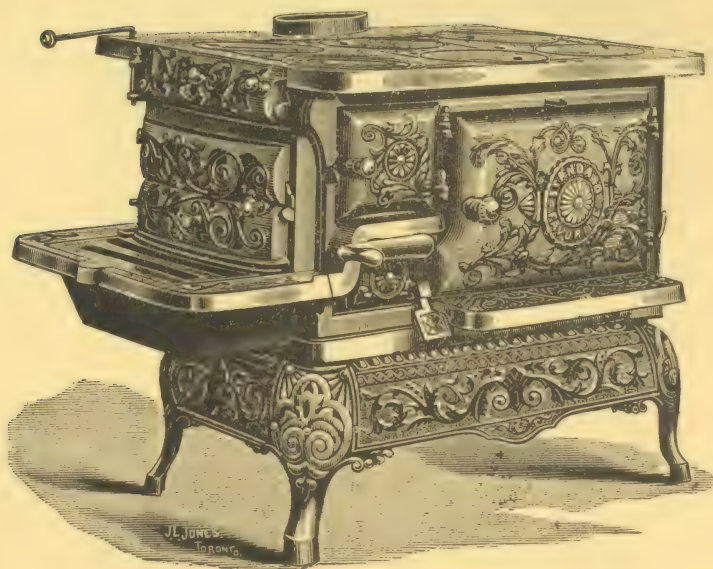

WOOD FIXTURES.—A complete set sent with each Range. Takes wood: No. 8, 22 inches long. No. 9, 24 inches long.

Nickeled Oven Door Pedal, Reed's Patent Check Damper, etc.

THIS RANGE combines qualities and conveniences not found in any other Range.

STANDARD FAVORITE.

SQUARE, WITHOUT SHELVES.

FOR COAL OR WOOD.

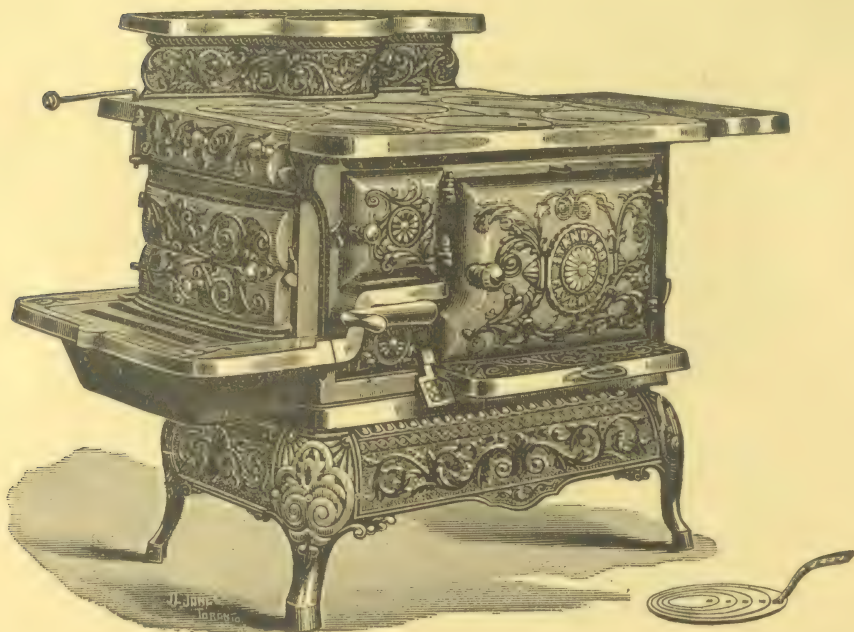

No.	Size of Oven.	Code Word.	Price.
8-18.....	18 × 18 × 11 inches.....	Alarm	\$28 00

Nos. 8-18 and 9-18 have Oval Fire-pots and King's Vertical Action Grate (see page 5), same style as has proved so successful in our STANDARD FAVORITE RANGE.

The No. 8-16 has Flat Dumping Grate.

FAVORITE HOTEL.

This Stove is specially adapted for Hotels, Boarding Houses, Mining and Lumbering Camps.

It is the most complete stove of this class manufactured, being heavy, well proportioned and of pleasing ornamental design.

Fire-box is very large, with doors on both ends, giving ample room for large sized wood. All covers and centres are double and well supported.

Coal linings are sectional and thoroughly ventilated all around, making them more durable, and when furnished are charged for extra.

The following testimonial speaks for itself :

PALMER HOUSE, }
Toronto, June 17, 1887. }

GENTLEMEN :

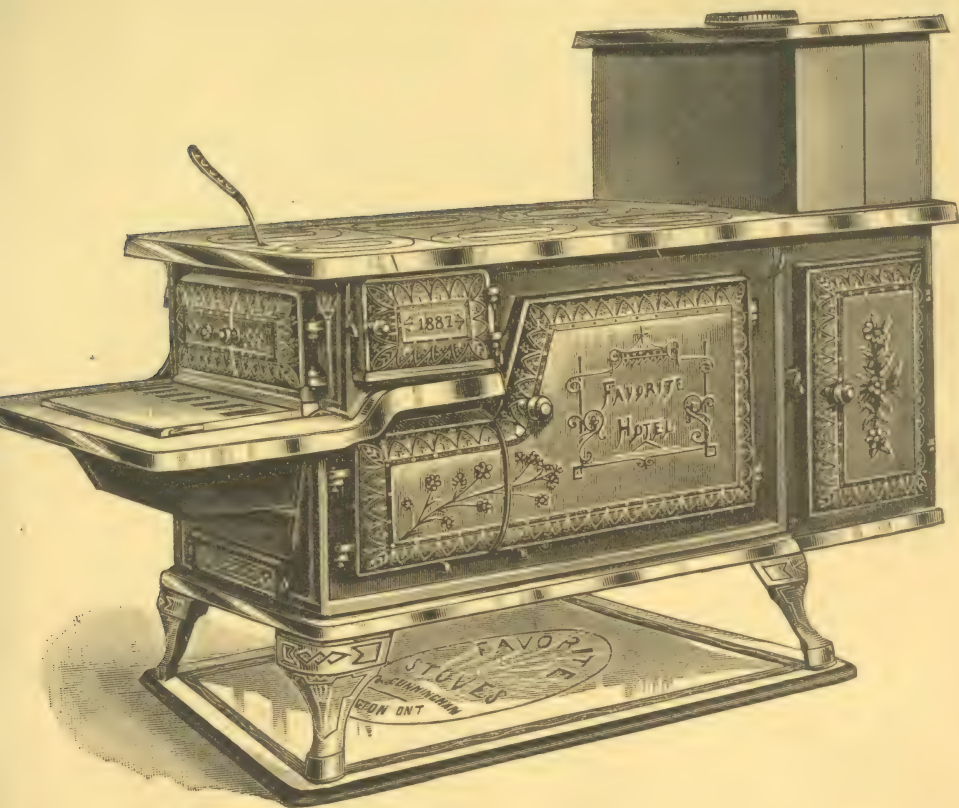

Having given The Favorite Hotel Cook purchased from you some time ago a thorough trial, and the cooks being so well pleased with the working of it, both with meats and pastry, I can cheerfully recommend it to any one requiring such a stove as it entirely fills the bill.

Yours, &c.,

J. C. PALMER.

A complete set of Wood Fixtures sent with each Stove.

FAMILY FAVORITE--1889.

The FAMILY FAVORITE--1889 is a first-class Cooking Stove for wood only.

No expense has been spared to make these stoves attractive in appearance, and at the same time moderate in price that they may be within the reach of all.

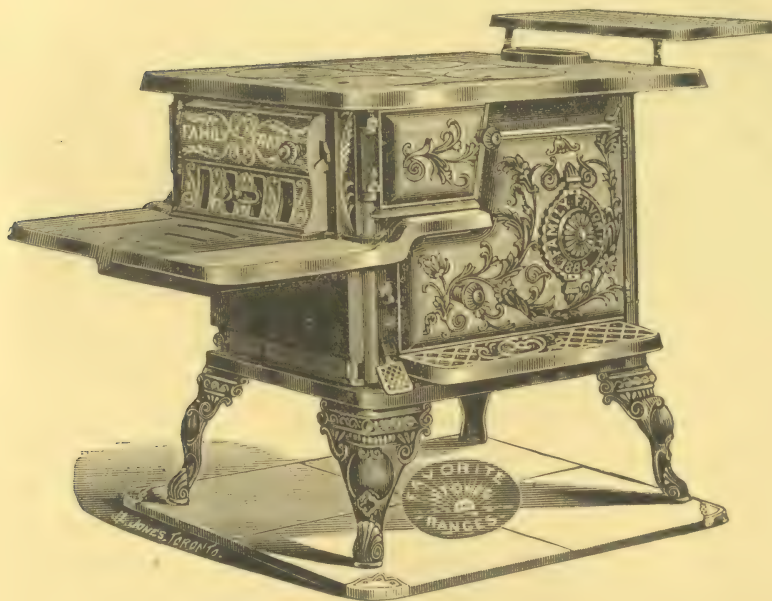

This we have accomplished through the medium of our superior designs embodied in the iron without the addition of expensive ornamentation.

Our FAMILY FAVORITE--1887 patterns had a very large sale, and we did not have a single complaint as to working qualities, which is one reason why we maintain the same name.

The present line retains all the valuable features of our former patterns with a greater variety of sizes, both plain and with reservoir. All have very large fire-boxes, one of the most essential features in a Wood Stove, loose false bottoms, large well ventilated ovens, large flues, cut tops, cut long centre, double short centres, nickeled oven door opener and knobs, handsome tile ornaments with nickeled medallions on oven doors.

FAMILY FAVORITE-1889.

SQUARE.

FOR WOOD.

No.	Size of Oven.	Length of Fire-box.	Code Word.	Price.

ART FAVORITE.

BASE BURNER.

THE ART FAVORITE is well proportioned, neat in design, moderate in price, as owing to the smaller number of parts, we are able to offer it at a lower price than similar sized stoves.

FIRE-POT is a solid round one that rotates to equalize wear.

GRATE is an anti-clinker, draw-centre, shaking grate, which sheds all the ashes and clinkers.

FIRE-POT and Grate can be removed through front doors, saving expense and trouble in repairing.

MICA DOORS are divided into small sections and highly ornamented, giving a very pleasing effect.

NICKEL TRIMMINGS on the A Series consist of dome section magazine cover, leg base, two foot rails, knobs, hinge-pins, damper handles and shaker.

THE B Series is the same as the A without foot rails, and plain instead of nickeled base.

ART FAVORITE.

RIVAL FAVORITE.

THE RIVAL FAVORITE forms a supplementary line to our ART FAVORITE in smaller sizes.

Special features are :—Fire-pot round and rotates to equalize wear, Grate anti-clinker draw centre, and shakes from outside of stove. Magazine large, with close fitting cover which opens automatically when swinging the top cover off. Ash-pan is large.

We offer it in two styles of finish.

“A,” or best finish—Nickel-plated Medallions, Foot Rails, Ash-pit door, Leg Base, Knobs and Spun Urn.

“B” finish—Nickel-plated Medallion Knobs and Spun Urn, plain Leg Base. No Foot Rails.

The Oven has been specially designed for us, and is as large as good proportions will allow. Will boil and bake at same time.

Pot-holes near the fire with ample space to accommodate 7-inch ware.

FAVORITE QUEEN.

This powerful Heater is specially adapted for Stores, Hotels, Dining Rooms, Halls, School Rooms, Stables, &c., and gives an enormous amount of heat with small consumption of fuel.

The top is large and contains a flue into which all the products of combustion enter at one side of pipe collar and pass completely round the top before finding exit to the pipe.

The large top heating surface and large boiler hole make it desirable for Factories and Stables where hot water, &c., are required.

It has an anti-clinker draw centre grate operated from the outside so that dust and ashes cannot escape.

It has a large ash-pan.

It has a slide check draft in upper door, with perforated tin inside to arrest sparks.

This stove creates a circulation of air from all parts of the room, towards and over the stove, heating the extreme ends and all parts equally and simultaneously.

Try these powerful heaters if you wish to warm a large room quickly, easily and cheaply.

For Hard or Soft Coal.

No. 30, Price \$4.00.
Code Words—Hemp.

A powerful Globe Heater, low in price.

No. 40, Price \$4.67.
Herb.

No. 60, Price \$5.67.
Hint.

FAVORITE OAK.

FOR COAL OR WOOD.

THE FAVORITE OAK is a most effective heater. The upper body is made of Heavy Sheet Steel.

By a neat arrangement of base and ash-pit there is accommodation provided for a large ash-pan without that awkward appearance common to Oak Stoves.

Coal linings are sectional, so that change from coal to wood or "vice-versa" may be accomplished in a few minutes.

Grate for coal is an anti-clinker draw-centre grate operated from outside of stove.

Grate for wood only. Is a round register grate with solid draw-centre operated from outside. Forming either an open grate or close fire bottom as may be desired. The fire is at all times under perfect control, and with good hardwood a continuous fire may be kept.

Check drafts in door and pipe collar.

Nickel Foot Rails, Knobs and Spun Urn.

FAVORITE OAK.

FOR COAL OR WOOD.

No.	Diameter of Body.	Length of Wood.	Code Word.	Price.
14	14-in.....	28-in.....	Instep	\$15 00
16.....	16-in.....	30-in.....	Insult.....	17 33
18.....	18-in.....	30-in.....	Invite	20 00

Without Foot Rails deduct from List \$1.

For wood only, see page 58.

PULLMAN.

DIRECT DRAFT.

FOR HARD OR SOFT COAL.

No.	Diameter of Fire-brick.	Depth.	Code Word.	Price.

Mounted with Cast-iron body, Fire-brick linings, Illuminated Front Doors, Polished Edges, Nickel-plated Foot Rail and Spun Brass Nickel-plated Urn.

FAVORITE FRANKLIN.

FOR HARD OR SOFT COAL.

No.	Code Word.	Price.
2.....	Jestor.....	\$8 75
3.....	Jockey.....	10 33

The FAVORITE FRANKLIN is neat in design, low in price, and well adapted for small rooms where an open fire is desired. Lined with Fire-brick.

TRUMP.

FOR COAL OR WOOD.

No.	Code Word.	Price.
7, with Swing Cover	Lamp	\$6 20
8, " "	Lath.	7 25
7, without "	Land	5 80
8, " "	Lard	6 75

A complete small Stove for camping parties, Summer use in kitchen or for parties occupying apartments doing their own cooking. It is provided with anti-clinker dumping grate, two kettle holes and short centre.

FAVORITE COTTAGE.

In the production of this line of stoves we offer the trade a COTTAGE STOVE of elegant design, classing with the high order and finish of Art Base Burners.

THE ORNAMENTATION is a peculiar and pleasing design in carving on a stipple work surface, relieved with Nickel Tile and Spun Urn.

SPECIAL FEATURES.—An ornamental top that swings off with or without lower top. The lower top has one 8-inch kettle hole in small sizes, two in large sizes, extra large feed door with check draft damper, automatic smoke arrester and back shelf.

FOR COAL.—They are arranged with thoroughly ventilated cast-iron sectional linings, anti-clinker shaking and dumping grate, large ash-pan.

The upper door being illuminated, or by opening same, all the advantages of a Franklin are obtained without inconvenience and dust.

SYLVAN FAVORITE, page 56, forms a supplementary line.

FAVORITE COTTAGE.

FOR COAL OR WOOD.

HINGED TOP.

28.....	28-in.....	Pike.....	9 30
36.....	36-in.....	Pier.....	14 00

A neat first-class Box Stove.

LION AND LIONESS.

FOR WOOD.

Name.	Length of Fire-box.	Weight.	Code Word.	Price.
Lion.....	36 inches.....	300.....	Lion.....	\$18 00
Lioness.....	48 ".....	600.....	Lioness.....	32 30

These are large heavy plain Stoves with rods on the outside. The LIONESS is especially adapted for Furnaces, and has a deep Ash-pit with heavy Grates over it.

TAILOR'S OVEN.

FOR COAL.

No.	Diameter of Top.	Code Word.	Price.
2	24 inches	Tailor	\$19 00

THIS TAILOR'S OR LAUNDRY IRON HEATER is all cast iron with Brick Lined Fire-pot. It has a Draw Centre Grate, Large Ash-pan, Heavy Corrugated Oven Bottom made in sections, the back half-top is stationary; the front sections slide backwards.

CANDY STOVE.

FOR COAL.

PRICE, \$15.00.

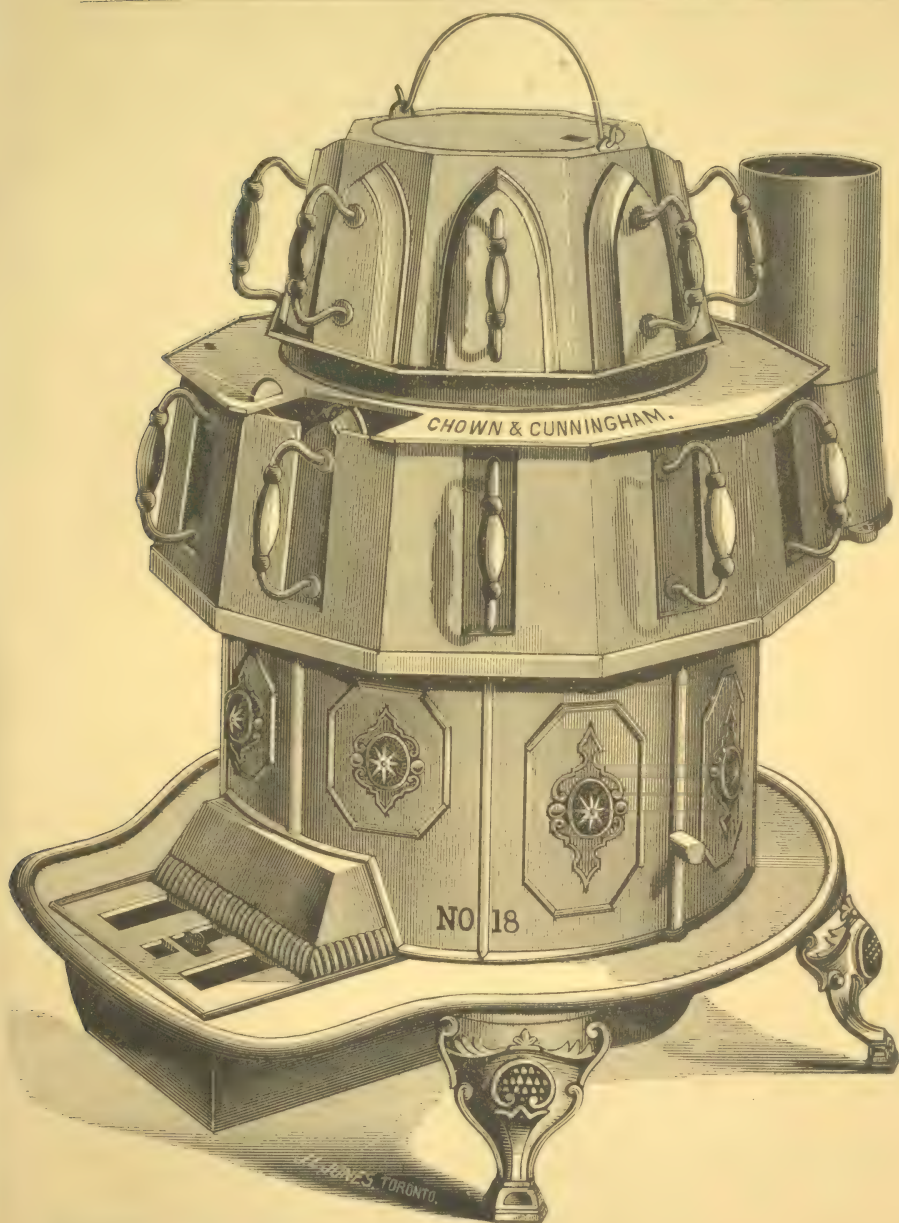

This is the best and most economical on fuel CANDY STOVE made. It has a Draw Centre Grate, Large Ash-pan, Brick Lined Fire-pot, Three Reducing Rings, making holes for Boiler 9, 12, 15 and 18 inches in diameter.

LAUNDRY STOVE.

FOR COAL.

For 18 Irons, as shown in cut.....	\$16 00
For 10 Irons, without Top Section.....	15 00

See illustration on opposite page.

See opposite page for prices.

CAULDRONS.

Size.							Price.
22 Gallons	Imp. Gallons, about 17	Weight, about 90	\$ 5 25				
30 "	" " " 22	" " 100	5 75				
45 "	" " " 35	" " 130	8 50				
60 "	" " " 45	" " 145	10 25				

These are the same as used in connection with our Agricultural Furnaces. For the same purposes. To be set in brick.

AGRICULTURAL FURNACES.

FOR WOOD.

Size.					Price.
22 Gallons	Length of Fire-box	22-in.....	Weight, about	235..... \$16 27
30 "	"	" 24-in.....	" "	285..... 18 20
45 "	"	" 26½-in.....	" "	360 24 20
60 "	"	" 27½-in.....	" "	400..... 29 00

These Furnaces will boil with less fuel than any other arrangement for the same purpose. We wish to impress upon the trade the importance of keeping samples in stock, as their advantages for cooking feed for stock, heating water, making soap, sugar, rendering lard, &c., will be appreciated on sight. The reason the trade in them is not larger is because dealers do not keep samples and explain their advantages.
